

Atlantic 2000 international, since 1982 on shortwave

After broadcasting on FM from 1978 to 1982, Atlantic 2000 International was heard for the first time on shortwave on June 6th, 1982 on 7325 kHz. We were on the air usually every month until July 1988. Our first transmission equipment was a home-made 25 W transmitter, using valves. In 1984, we built a 30 W transmitter.

After more 19 years of silence, Atlantic 2000 was back on the air on October 28th, 2007 on 6280 and 6210 kHz.

From 2008 to 2010, we broadcasted from Italy, by using the transmitters of Mystery Radio, and then, Radio Amica.

From December 2010, we have transmitted from Germany, via several relay stations:

- on 3985, 6005 and 7310 kHz via Shortwave Service in Kall-Krekel (12/2010 to 02/2017)
- on 9480, 9485 and 7265 kHz via MV Baltic Radio in Göhren (10/2011 to 01/2016)
- on 3955, 6070, 7440 and 9670 kHz via Channel 292 in Rohrbach Waal.

In July 2016 and January 2018, Atlantic 2000 was relayed by WINB, from Red Lion in the USA, with a power of 50 kW on 9265 kHz.

In 2021, a part of our programmes were transmitted by Radio Miami International (WRMI) from the site of Okeechobee in Florida (USA) with a power of 100 kW.

Since the beginning of our shortwave transmissions, we received a lot of reception reports from Argentina, Australia, Austria, Belarus, Belgium, Brazil, Bulgaria, Canada, Chili, Colombia, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, India, Italy, Japan, Kazakhstan, Latvia, Luxembourg, Malta, Morocco, Netherlands, New Zealand, Norway, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Ukraine, United Kingdom, Uruguay, USA, Venezuela, and more countries via several web receivers in Europe and USA.

Atlantic 2000 can be listened all around the world on the Internet.

Atlantic 2000 is a non commercial radio station. Broadcasting on shortwave is more and more expensive. You can help your station to keep shortwave alive, by sending a donation to our Paypal address: atlantic2000international@gmail.com. Many thanks in advance!
